SERVICES / TREATMENTS / FACILITIES

Water Street Dental Practice has been established since 1974 and has been at its current location since 1987 serving patient of all ages (0-100+). It is a converted terraced property in Carmarthen town with parking within 150 meters. There are 2 ground floor and 1 first floor surgeries with a waiting room on the ground floor level, allowing options for people with mobility problems. Reception is located on the ground floor through an arch (off the waiting room) which provide an area for private conversation with the receptionist. A 2010 extension provided an additional disabled access toilet, decontamination room, office, storage space and the 3rd surgery. The waiting area has music, tea/coffee and cold drinks provided on request. Magazines and a daily newspaper are available along with advice sheets on oral health and patient information leaflets. (The Magazines , newspapers, leaflets and cold drinks provisions have been removed temporarily for Covid-19 hygiene reasons)

Our 2 dentists and 2 hygienists are supported by 5 nursing/reception staff and 1 cleaner.

We offer both NHS and private treatments. Private care is offered both fee per item or on a monthly payment dental insurance scheme administered by Denplan.

All our dental services mentioned below are provided from 3 airconditioned surgeries each with a dental chair, central suction, air turbine, contra angled hand piece, 3 in 1 air spray, ultrasonic scaler and a x ray unit. Patient records are computerised, and X rays digitally recorded. The Clinicians have access to are 2 cordless rotary endodontic motor for root fillings, 2 Intraoral cameras, 2 conventional SLR camera for intra oral photography, an Intraoral scanner, a Carl Zeiss Operating Microscope, a portable electrosurgery unit for contouring the gums / electrocautery and a portable surgical motor unit.

Treatment provided at the practice includes but not limited to:

Diagnostic Procedure Services

- Examination with magnifying loupes for caries, periodontal disease and dental trauma
- X rays
- Soft tissue screenings
- Treatment Planning

Preventative Treatments Service

- Preventative advise and Oral Hygiene Instructions
- Fluoride varnish application
- Fissure sealants
- Smoking cessation advise and referral
- Scale and polishing

Treatment of Oral Disease, Oral Disorders and Dental Trauma Service

Cosmetic Procedure Service -by dentists

- Tooth Whitening (Enlighten and Pola Systems)
- Internal Tooth Whitening
- Veneers
- Orthodontics limited to the anterior teeth (Inman Aligner and Clear Aligners)

We Currently routinely refer patients for

- Orthodontics
- Treatment under Sedation / General Anaesthetics
- Implant placement (although some implants after their placement are restored within the practice with crowns or over dentures)
- Minor Oral Surgery

Referrals may also be made if any of the treatments above need specialist input. This is done with the patients consent.

A dedicated decontamination room with 2 sinks for manual cleaning, washer disinfector, instrument examination area with magnification, a non vacume autoclave and a packaging area with RO water production facility is used. The room has an in/out door system and appropriately directed air flow fulfilling WHTM 01-04 guidelines.

Dental specific equipment and material used are up to date and are purchased from recognised dental suppliers with relevant CE marks and manufactures standards. These are maintained and serviced according to guidelines and current practices. An up dated register of suppliers and equipment is maintained.

Some specific laboratory work such pouring up models for the construction of Gum Shields, Night Guards and Bleaching Trays for some patients are carried out at the practice and for this the practice is registered with the Medical Devises Agency. External laboratories used are audited yearly to insure they and the technician with responsibility are appropriately registered.

Our practice is set up to service the community with in which we are based treating patients of all ages (0-100+). From the very young where we aim to set up good oral health habits and prevent dental disease, to the elderly and infirm where the need for maintenance in addition to prevention is high.

PATIENTS VIEWS

We seek patient's views on the services / treatments in the following ways:

- Directly in general discussions with patient in the surgery / reception
- Formal twice-yearly Patient surveys
- New Patient Survey for all new patients
- Patients Suggestion Box

The findings are discussed, solutions proposed and working practices altered if needed at either the practice meetings where the results of the surveys are to be twice yearly itemised to be presented to the practice team or if more urgent at the "any other business" part of the monthly practice meetings.

ARRANGEMENTS FOR DEALING WITH COMPLAINTS

It is our aim to always have satisfied patients, to meet your expectations of care and service and to resolve any complaints as efficiently, effectively and politely as possible. We take complaints very seriously; we investigate them in a full and fair way and take great care to protect your confidentiality. We learn from complaints to improve our care and service. We will never discriminate against patients who have made a complaint.

If you are not entirely satisfied with any aspect of our care or service, please let us know as soon as possible to allow us to address your concerns promptly. If you do not feel you can raise a complaint about your NHS service directly with us, you can address your complaint directly to the local Health Board - Hywel Dda University Health Board on 01267 229692.

A J Bhattacharjee is the Complaints Manager and will be your personal contact to assist you with any complaints. If your verbal complaint is not resolved to your satisfaction within 24 hours or if you complain in writing, the Complaints Manager will acknowledge it in writing within 2 working days and will aim to provide a full response in writing within 10 working days.

If the Complaints Manager is unavailable, we will take brief details about the complaint and will arrange for a meeting when they are next available. We will keep comprehensive and confidential records of your complaint, which will be stored securely and only be accessible by those who need to know about your complaint.

If the complaint investigation takes longer than anticipated the Complaints Manager will keep you informed of the reason for the delay, the progress of the investigation and the proposed date it will be completed.

When the investigation has been completed, you will be informed of its outcome in writing and invited to a meeting to discuss the results and any practical solutions that we can offer to you. These solutions could include replacing treatment, refunding fees paid, referring you for specialist treatments or other solutions that meet your needs and resolve the complaint.

We regularly analyse patient complaints to learn from them and to improve our services. That's why we always welcome your feedback, comments, suggestions, and complaints. If you are dissatisfied with our response to a complaint, you can take it further, please see the contacts below.
